SUMMARY

The following Summary is intended to highlight certain basic information which is set forth more fully elsewhere in this Confidential Private Placement Memorandum and, accordingly, should be read in conjunction with such detailed information.

THE OFFERING

Issuer	Fairfield Sentry Limited (the "Fund") is organized as an international business company under the laws of the Territory of the British Virgin Islands ("BVI"). The registered office of the Fund is located in the BVI.
Securities Offered	Class A Shares (the "Shares") were sold on November 30, 1990 at an initial offering price of U.S. $200 per Share and thereafter have been sold at a price equal to the Net Asset Value (as hereinafter defined) as of the opening of business on the date of issuance. The Net Asset Value per Share on May 31, 2003 was $909.96, with total net assets of approximately $4.1 billion (subject to audit). The Fund also issues Class B Shares, which utilize the same investment strategy as the Class A Shares, but have a different fee structure.
Offerees	Shares may be offered only to experienced and sophisticated investors who are neither citizens nor residents of the United States ("Non-U.S. Persons") and to a limited number of United States investors that are tax-exempt entities ("U.S. Tax Exempt Investors"). See "OFFERING OF THE SHARES".
Minimum Subscription	The minimum initial subscription per investor is U.S. $100,000. Following his initial investment, a shareholder may make additional investments in amounts of not less than U.S. $50,000.
Maximum Capitalization	The Fund will not accept a subscription tendered at a time when the number of its outstanding Shares is 6,000,000. As of May 31, 2003, the Fund had 4,507,856 shares outstanding.
Subscription Procedures	It is preferable that subscriptions be made by wire transfer. However, subscriptions may be made by mail if necessary. Subscriptions received during any monthly period prior to the third to the last business day of the month will ordinarily be accepted, subject to the sole discretion of the Manager, as of the first business day of the following monthly period, i.e., subscriptions received between December 28 and January 28 will be accepted as of February 1. Subscriptions will become irrevocable to the subscriber on the third to the last business day of the month in which such subscription is received by the Fund.

Solicitation of Subscriptions	There are no underwriting arrangements with respect to the offering of Shares. All solicitations of subscriptions will be made directly by the Fund or through the assistance of unaffiliated placement agents or other intermediaries. Such unaffiliated placement agents and intermediaries may charge their clients a placement fee of up to 5% of the total amount of the subscription for Shares sold with their assistance, and/or share in the fees earned by Fairfield Greenwich (Bermuda) Ltd. ("FGBL"), as Investment Manager, which they may rebate to their clients. FGBL or an affiliate may also charge a placement fee of up to 3% on such subscriptions, provided that total placement fees do not exceed 5%. In certain instances, the Fund may deduct the amount of the placement fee from the subscription amount to pay to the unaffiliated placement agent or FGBL and such amounts will not constitute part of the assets of the Fund.
Business Objective	The Fund will seek to achieve capital appreciation of its assets through the purchase and sale of securities principally by utilizing an options trading strategy described as "split strike conversion". See "INVESTMENT POLICIES".
Investment Manager	Fairfield Greenwich (Bermuda) Ltd. ("FGBL" or the "Manager"), a corporation organized under the laws of Bermuda, serves as the Fund's investment manager. It is the wholly-owned subsidiary of Fairfield Greenwich Limited ("FGL"), an exempted company organized under the laws of the Cayman Islands, which previously served as the investment manager of the Fund. Jeffrey H. Tucker, Walter M. Noel, Jr. and Andres Piedrahita are the main principals of FGL. Mr. Noel is also a Director of the Fund (see "MANAGEMENT OF THE FUND AND OTHER RELATIONSHIPS"). FGBL expects to make application with the Bermuda Monetary Authority to become licensed as an investment provider and has made a claim for no-action relief from registration as a commodity pool operator with the U.S. Commodity Futures Trading Commission..
Directors	Walter M. Noel, Jr., Jan R. Naess and Peter P. Schmid are the Directors of the Fund. Mr. Noel is a Director of the Manager.
Citco	Citco Fund Services (Europe) B.V., an affiliate of The Citco Group Ltd., acts as escrow agent, administrator, registrar and transfer agent for the Fund. The Fund's escrow account is maintained at Citco Bank Nederland, N.V.
Dividend Policy	It is anticipated that the Fund will not declare any dividends; rather, income will be reinvested and will be reflected in the Net Asset Value of the Shares.

SALE AND REDEMPTION OF SHARES

Redemption at the Option of a Shareholder

A shareholder of the Fund, on fifteen (15) calendar days' notice, may cause his Shares to be redeemed as of the last business day (being any day not a Saturday or a Sunday, that is not a public holiday or a day on which banks are generally authorized or obliged by law or regulation to close in the Netherlands, the Republic of Ireland or the United States of America)of any month. There is no minimum period of time that Shares must be held in order for a shareholder to redeem his Shares.

Compulsory Redemption

The Fund reserves the right to call all or a part of a shareholder's Shares for redemption at any time. This right will only be exercised as to Shares where the continued holding of which would result in regulatory, pecuniary, legal, taxation, or material administrative disadvantage for the Fund or the shareholders as a whole.

Sales

Subscriptions received during any monthly period prior to the third to the last business day of the month will ordinarily be accepted, subject to the sole discretion of the Manager, as of the first business day of the following monthly period, i.e., subscriptions received between December 28 and January 28 will be accepted as of February 1. Subscriptions will become irrevocable to the subscriber on the third to the last business day of the month in which such subscription is received by the Fund.

The Fund was admitted to the Official List of the Irish Stock Exchange in Dublin, Ireland on January 12, 1995 and has been issued SEDOL number 0330934. It is unlikely that a public trading market will develop for the Fund's shares and none has developed to date. Shareholder redemption rights are not affected by this listing.

In certain circumstances, the Performance Fee may be reduced for particular calendar quarters and the amount of the reduction repaid in subsequent calendar quarters (see "FEES, COMPENSATION AND EXPENSES – Performance Fee").

The Manager and the Fund may enter into an agreement pursuant to which the Manager may elect to defer payment of all or a portion of its Performance Fees.

INVESTMENT POLICIES

The Fund seeks to obtain capital appreciation of its assets principally through the utilization of a nontraditional options trading strategy described as "split strike conversion", to which the Fund allocates the predominant portion of its assets. This strategy has defined risk and profit parameters, which may be ascertained when a particular position is established. Set forth below is a description of the "split strike conversion" strategies ("SSC Investments").

The establishment of a typical position entails (i) the purchase of a group or basket of equity securities that are intended to highly correlate to the S&P 100 Index , (ii) the sale of out-of-the-money S&P 100 Index call options in an equivalent contract value dollar amount to the basket of equity securities, and (iii) the purchase of an equivalent number of out-of-the-money S&P 100 Index put options. An index call option is out-of-the-money when its strike price is greater than the current price of the index; an index put option is out-of-the-money when the strike price is lower than the current price of the index. The basket typically consists of approximately 35 to 45 stocks in the S&P 100.

The logic of this strategy is that once a long stock position has been established, selling a call against such long position will increase the standstill rate of return, while allowing upward movement to the short call strike price. The purchase of an out-of-the-money put, funded with part or all of the call premium, protects the equity position from downside risk.

A bullish or bearish bias of the positions can be achieved by adjustment of the strike prices in the S&P 100 puts and calls. The further away the strike prices are from the price of the S&P 100, the more bullish the strategy. However, the dollar value underlying the put options always approximates the value of the basket of stocks.

The options transactions executed for the benefit of the Fund may be effected in the over-the-counter market or on a registered options exchange.

Other Investments

The Manager, in its sole and exclusive discretion, may allocate a portion of the Fund's assets (never to exceed, in the aggregate, 5% of the Fund's Net Asset Value at the time of investment) to alternative investment opportunities other than its "split strike conversion" investments (the "Non-SSC Investments"). It is anticipated that the Non-SSC Investments will be allocated to new investment vehicles managed by experienced management teams establishing themselves in new investment businesses ("Emerging Managers"), with no single allocation exceeding $50 million at the time it is made. These arrangements may include "lock-up" provisions of varying durations of these assets in such investments, subject to early release for breach of risk control or performance guidelines, or for cause. FGBL and the Fund generally share in fees received by portfolio managers of Non-SSC Investments from investors other than the Fund. The Fund will pay fees with respect to the Non-SSC Investments at a rate

that will not exceed the Fund's rate of fees (in certain cases, this may be accomplished by FGBL subsidizing, from its own moneys, the fees charged on these assets by Non-SSC Investment managers).

In certain circumstances, the Performance Fee may be reduced for particular calendar quarters for certain Non-SSC Investment Losses. See "POTENTIAL CONFLICTS OF INTEREST" and "FEES, COMPENSATION AND EXPENSES –Performance Fee".

In order to ensure that the Fund will not be subject to United States federal income taxation on trading gains from the disposition of certain investments, it is expected that the Fund will not invest in any "United States real property interest" (including, for example, certain interests in any U.S. Corporation that is a "United States real property holding corporation"), as such terms are defined under the U.S. Internal Revenue Code of 1986 (the "Code") and the Treasury Regulations promulgated thereunder. (See "TAX CONSIDERATIONS AND EXCHANGE CONTROL.")

The Fund may invest some of its assets in short-term U.S. government obligations, certificates of deposit, short-term high grade commercial paper and other money market instruments, including repurchase agreements with respect to such obligations, money market mutual funds and short term bond funds. In order to ensure that substantially all of the interest earned by the Fund will not be subject to United States federal withholding taxes, any investment in an obligation of a U.S. person or entity (other than in certificates of deposits in banks) primarily will be in an instrument (i) which is issued and purchased at a discount from its face amount, which is not otherwise interest bearing, and which has a term of no more than 183 days from the date of issuance or (ii) which is in registered form and which is issued after July 18, 1984. (See "TAX CONSIDERATIONS AND EXCHANGE CONTROL.")

Investment Restrictions

The Fund will observe the following investment restrictions:

a) no more than 10 percent of the Net Asset Value of the Fund will be invested in the equity or debt securities of any one issuer (other than any government or governmental agency);

b) the Fund may not hold more than 10 percent of the issued securities of any one class of securities in any issuer (other than any government or governmental agency);

c) no more than 10 percent of the gross assets of the Fund may be exposed to the creditworthiness or solvency of a single counterparty, in each case calculated at the time of investment;

d) no more than 10 percent of the Net Asset Value of the Fund may be invested in securities whose prices are not quoted;

e) no more than 10 percent of the Net Asset Value of the Fund may be invested in securities of countries where immediate repatriation rights are not available;

f) the Fund will not invest in the securities of any issuer if the directors and officers of the Fund and the Manager collectively own in excess of 5 percent of such securities;

g) the Fund will not take or seek to take legal or management control of the issuer of underlying investments;

h) the Fund will adhere to the general principle of diversification in respect of all of its assets;

i) the Fund will not invest directly in real property;

j) the Fund will not make any loans (except to the extent that the acquisition of any investment in securities or commodity interests described herein may constitute a loan) except with the consent of the custodian of the Fund's assets; and

k) no more that 10 percent of the Net Asset Value of the Fund will be invested in physical commodities.

The investment restriction set out in (c) above will not apply to transactions with any counterparty which advances full and appropriate collateral to the Fund in respect of such transactions.

OFFERING OF THE SHARES

The Fund is offering up to 6,000,000 Shares. The initial offering price was U.S. $200 per Share on November 30, 1990. The Shares are currently offered at a price equal to the Net Asset Value per Share (as hereinafter defined) as of the opening of business on the date of issuance. As of May 31, 2003, the Net Asset Value per Share was $909.96 (subject to audit), with 4,507,550,856 Shares outstanding. The Fund also offers its Class B Shares, which utilize the same investment strategy as the Shares, but which have a different fee structure incident thereto.

Shares may be offered only to experienced and sophisticated investors who are neither citizens nor residents of the United States ("Non-U.S. Investors") and to a limited number of United States investors that are tax-exempt entities ("U.S. Tax-Exempt Investors').

The minimum initial purchase by each subscriber is U.S. $100,000. The Fund may reject any subscription, in whole or in part, in its discretion. All subscriptions, once made, are irrevocable to the subscriber.

All proceeds from the sale of Shares will be received by the Fund in trust and will be deposited by the Fund into a segregated interest bearing account in the Fund's name at the Fund's escrow agent, Citco Fund Services (Europe) B.V. There are no underwriting arrangements with respect to the offering of Shares. All solicitations of subscriptions will be made directly by the Fund or through the assistance of unaffiliated placement agents and other intermediaries, who may charge a placement fee of up to 5% of the total amount of the subscriptions for Shares sold, and/or share in the fees earned by the Manager, which they may rebate to their clients. FGBL or an affiliate thereof may also charge a placement fee of up to 3% on such subscriptions, provided that total placement fees do not exceed 5%. In certain instances, the Fund may deduct the amount of the placement fee from the subscription amount to pay to the unaffiliated placement agent and such amounts will not constitute part of the assets of the Fund.

The Fund will offer its Shares on a continuous basis at a price equal to its Net Asset Value as of the opening of business on the date of issuance of such Shares. Subscriptions received during any calendar month prior to the third to the last business day of the month will be accepted, subject to the sole discretion of the Manager, as of the first business day of the following month. Thus, for example, subscriptions received between January 1 and January 28 shall be accepted as of February 1. The Fund reserves the right, in its discretion, to accept any subscription prior to such first day. Subscriptions shall become irrevocable to the subscriber on the third to the last business day of the month in which such subscription is received by the Fund.

The Fund was admitted to the Official List of the Irish Stock Exchange, Dublin, Ireland on January 12, 1995 and has been issued SEDOL number 0330934. It is unlikely that a trading market in the Fund's

Shares will develop and none has developed to date. The listing does not affect shareholder redemption rights.

Net Asset Value Defined

The Net Asset Value of the Shares is the value of the Fund's assets as calculated in accordance with the International Financial Reporting Standards and the Memorandum and Articles of Association of the Fund, to the extent allocable to the relevant class of shares.

Notwithstanding the foregoing:

(i) in the case of extraordinary circumstances which warrant a different valuation of any securities, such as an inability to liquidate existing positions, such securities will be valued at such prices as the Directors shall determine; and

(ii) the amount of any distribution or dividend made shall be a liability of the Fund from the day when the distribution or dividend is declared until it is paid.

All decisions on the valuation of assets and liabilities and determination of Net Asset Value shall be made by the Fund's Board of Directors.

Net Asset Value per Share is defined as the Net Asset Value divided by the number of Shares then outstanding.

The Net Asset Value of the Fund will be calculated on a monthly basis by the Fund's administrator, Citco Fund Services (Europe) B.V., which will promptly notify the Irish Stock Exchange of the results of each such Net Asset Value calculation.

Pursuant to the Fund's Articles of Association, the Fund may suspend the calculation of its Net Asset Value for the whole or any part of any period:

(a) during which any stock exchange or over-the-counter market on which any significant portion of the investments of the Fund are listed, quoted, traded or dealt in is closed (other than customary weekend and holiday closing) or trading on any such stock exchange or over-the-counter market is restricted; or

(b) when circumstances exist as a result of which in the opinion of the Directors it is not reasonably practicable for the Fund to dispose of investments or as a result of which any such disposal would be materially prejudicial to the shareholders; or

(c) when a breakdown occurs in any of the means normally employed in ascertaining the value of investments or when for any other reason the value of any of the investments or other assets of the Fund cannot reasonably or fairly be ascertained; or

(d) during which the Fund is unable to repatriate funds required for the purpose of making payments due on redemption of Shares or during which any transfer of funds involved in the realization or acquisition of investments or payments due on redemptions of Shares cannot in the opinion of the Directors be effected at normal rates of exchange.

Any such suspension shall take effect at such time as the Directors shall declare but not later than the close of business on the business day next following the declaration, and thereafter there shall be no determination of the Net Asset Value per Share of the Fund until the Directors shall declare the suspension at an end, except that such suspension shall terminate in any event on the first business day on which (a) the condition giving rise to the suspension shall have ceased to exist; and (b) no other condition under which suspension is authorized under the Fund’s Articles of Association shall exist. Each declaration by the Directors pursuant to this paragraph shall be consistent with such official rules and regulations (if any) relating to the subject matter thereof as shall have been promulgated by any authority having jurisdiction over the Fund and as shall be in effect at the time. To the extent not inconsistent with such official rules and regulations, the determination of the Directors shall be conclusive. Whenever the Directors shall declare a suspension of the determination of the Net Asset Value per Share, then as soon as may be practicable after any such declaration, the Directors shall give notice to all shareholders stating that such declaration has been made. At the end of any period of suspension as aforementioned the Directors shall give notice to all shareholders stating that the period of suspension has ended.

FEES, COMPENSATION AND EXPENSES

Expenses

The Fund bears all of the continuing offering costs and all other expenses incurred in the operation of the Fund, if any, including the ordinary and necessary expenses directly related to its investment and trading activities, all insurance expenses, all administration fees and all legal and auditing fees, including any legal and auditing fees that relate to extraordinary circumstances, such as tax examinations or litigation involving the Fund. The Fund pays an annual expense reimbursement to Fairfield Greenwich Advisors LLC, an affiliate of the Manager, on a quarterly basis, in an amount equal to one-fortieth of one percent (0.025%) of the Net Asset Value on the last day of each calendar quarter (ten basis points per annum) of the Fund for providing certain administrative services and back-office support to the Fund.

Performance Fee

The Manager will receive, for each calendar quarter, a performance fee (the "Performance Fee") in an amount equal to 20% of the amount of any New High Net Profits allocable to the Shares. Shares which are purchased or redeemed during a calendar quarter shall have their Net Asset Value decreased by the payment of the Performance Fee only for the portion of the quarter during which such Shares were outstanding. New High Net Profits are defined as the excess, if any, of, respectively, (A) the Net Asset Value as of the last day of a calendar quarter (before the deduction of the current Performance Fee, if any, paid or payable) over (B) the difference between (i) the sum of (a) the highest Net Asset Value of the Shares as of the last day of any preceding calendar quarter during which such Share was outstanding, or the date of the initial closing of this offering (or if such Share was issued thereafter, as of the date of such issuance, whichever date the Net Asset Value was higher), and (b) the amount of any subscription proceeds for Shares issued as of, or subsequent to, the date thereof, and (ii) the amount of dividends, distributions and redemptions payable as of, or subsequent to, the date thereof, and losses, if any, associated with redeemed shares. IN OTHER WORDS, PERFORMANCE FEES WILL ONLY BE PAID ON "NEW APPRECIATION" IN THE NET ASSET VALUE OF THE SHARES. No Share will be subject to the payment of a Performance Fee until all Shares have recouped their respective loss carryovers, i.e., until the Net Asset Value of such Shares is at least as high as the previous highest Net Asset Value per Share. The Manager will reduce any Performance Fees otherwise payable to it by

offsetting it against an amount equal to the "Shared Cash Flow Amount" as defined in "POTENTIAL CONFLICTS OF INTEREST", below) attributable to Non-SSC Investments.

Notwithstanding the foregoing, in the event that, as at the end of any calendar year, the aggregate amount of original investments in Non-SSC Investment vehicles exceeds the aggregate net asset value of the Fund's interests in Non-SSC Investment vehicles (before deduction of the Fund's share of fees payable by the Non-SSC Investment vehicles) (such excess being the "Non-SSC Investment Loss") the Manager will reduce its Performance Fee payable at subsequent quarter-end by an amount equal to the Non-SSC Investment Loss. The portion of the Performance Fee that is reduced to cover the Non-SSC Investment Loss will be carried forward. In the event that the Non-SSC Investment Loss is, in part or in whole, subsequently recouped by Non-SSC Investment vehicles, the Fund will pay the Manager such portion of the Performance Fee that was previously reduced to cover Non-SSC Investment Losses in addition to Performance Fees otherwise payable for any quarter.

Pursuant to its agreement with the Fund, the Manager may elect to defer payment of all or a portion of its Performance Fee.

Salaries and Other Personnel Expenses

Mr. Noel will not be compensated for serving as a director of the Fund, but he and representatives of the Manager will be reimbursed by the Fund for any out-of-pocket expenses they may incur in attending meetings of the Board of Directors or of shareholders. The Directors not affiliated with the Manager, of which there are at the present time two, will each be paid a fee of $25,000 per annum by the Fund together with his out-of-pocket expenses in attending meetings of the Board of Directors or of shareholders.

ESCROW BANK AND CUSTODIAN

The Fund's escrow account is maintained at Citco Bank Nederland N.V. ("Citco Bank"). Citco Global Custody ("Citco Custody") has agreed to act as custodian of the Fund's assets. Bernard L. Madoff Investment Securities ("BLM" and, together with other qualified entities with which sub-custodial arrangements may be made, the "Sub-Custodians", and each, singularly, a Sub-Custodian") serve as sub-custodians for certain assets of the Fund. The underlying assets of the Non-SSC Investments managers are held pursuant to custodial arrangements with Goldman, Sachs & Co., Refco, LLC and other qualified entities.

Citco Custody has been appointed custodian to the Fund pursuant to a custodian agreement dated September 20, 1994 between and among the Fund, Citco Bank and Citco Custody (the "Custody Agreement"). Citco Custody currently has U.S.$36 billion under custody. Currently BLM has approximately 95% of the Fund's assets under custody. Citco Custody will be responsible for all of the assets of the Fund, other than the assets deposited with the Sub-Custodians. All assets under custody will be held by Citco Custody and/or a Sub-Custodian, as the case may be, in a separate client account and will be separately designated in the books and records of Citco Custody and the Sub-Custodians. Assets deposited as margin need not be segregated and may become available to the creditors of brokers.

Sub-custodians may be appointed by Citco Custody provided that Citco Custody shall exercise reasonable skill, care and diligence in the selection of a suitable sub-custodian and shall be responsible to the Fund for the duration of the sub-custody agreement for satisfying itself as to the ongoing suitability of the sub-custodians to provide custodial services to the Fund. Citco Custody will also maintain an appropriate level of supervision over the sub-custodians and will make appropriate inquiries periodically to confirm

that the obligations of the sub-custodians continue to be competently discharged. Any sub-custodian appointed will be paid at normal commercial rates.

Citco Custody shall not be liable in the event of loss of any assets held by a sub-custodian, provided that such sub-custodian exercised reasonable care and acted without gross negligence or willful misconduct.

The Custody Agreement provides that Citco Bank shall receive an annual fee of $35,000, plus actual sub-custodian charges and out-of-pocket expenses, together with a fee in the amount of $25 per transaction. The Custody Agreement may be terminated by any of the parties thereto on thirty days' prior written notice. Pursuant to the Waiver and Indemnity Agreement between and among the Fund, Citco Bank and Citco Custody, dated April 20, 1995, the Fund has agreed to indemnify Citco Custody and Citco Bank against losses and liabilities arising out of the actions of certain sub-custodians of the Fund's assets which do not involve willful misconduct or gross negligence of Citco Bank or Citco Custody or a claim against a sub-custodian where either Citco Bank or Citco Custody do not carry out their responsibilities to the Fund with respect to such claim as set forth under the Custody Agreement.

ADMINISTRATOR, REGISTRAR AND TRANSFER AGENT

Pursuant to an agreement between Citco Fund Services (Europe) B.V. ("Citco") and the Fund, Citco serves as the administrator for the Fund, under the overall direction of the Fund's Board of Directors. As administrator, Citco has the responsibility for furnishing the day-to-day administrative services which the Fund may require, such as: accounting services; maintaining the Fund's books and records; preparation of reports and accounts; calculation of Net Asset Value and fees; communications with shareholders and/or governmental bodies; paying the Fund's expenses; providing suitable facilities and procedures for handling dividends and distributions (if any) and the orderly liquidation and dissolution of the Fund, if required. In consideration of its services, Citco receives a monthly fee based on the Net Asset Value of the Fund as of the last business day of each month at a rate of 5 basis points per annum.

To the extent that Citco relies on information supplied by the Fund, any investee fund of the Fund or any brokers engaged by the Fund, in connection with making any of the aforementioned calculations, Citco's liability for the accuracy of such calculations is limited to the accuracy of its computations. Citco shall not be liable for the accuracy of the underlying data provided to it.

Pursuant to the Administration Agreement, dated February 20, 2003, between the Fund and Citco, the Fund has agreed to indemnify Citco, its subsidiaries, affiliates, directors and other officers, shareholders, servants, employees, agents and permitted delegates under the Administration Agreement, against any and all liabilities, obligations, losses, judgments and expenses of any kind or nature whatsoever (collectively, the "Claims" and, individually, a "Claim")which may be imposed on, incurred by or asserted against any of them arising (other than by reason of negligence, bad faith, fraud or dishonesty on the part of Citco or such other indemnified party) out of the provision of services under the Administration Agreement. Similarly, Citco will indemnify the Fund from and against any Claim which arises directly out of the negligence, bad faith, fraud or dishonesty of its obligations on the part of Citco in connection with its provision of services under the Administration Agreement. The Administration Agreement may be terminated by either party on 90 days' prior written notice; provided, however, that the Administration Agreement may be terminated forthwith by notice in writing by either party if the other party (a) commits a material breach of the Administration Agreement and fails to cure such breach within 30 days after notice from the non-defaulting party; or (b) enters into involuntary liquidation or if a receiver is appointed over any of its assets.

RISK FACTORS

The purchase of Shares in the Fund involves substantial risks that are incident to the Fund's allocation of assets to SSC and Non-SSC Investments.

1. **Trading Risks**. Substantial risks are involved in the trading of equity securities and options. Market movements can be volatile and are difficult to predict. U.S. Government activities, particularly those of the Federal Reserve Board, can have a profound effect on interest rates which, in turn, substantially affect securities and options prices, as well as the liquidity of such markets. Politics, recession, inflation, employment levels, trade policies, international events, war and other unforeseen events can also have significant impact upon the prices of securities and options. A variety of possible actions by various government agencies also can inhibit the profitability of the Fund's business or can result in losses. Such events, which can result in huge market movements and volatile market conditions, create the risk of catastrophic losses for the Fund.

Various techniques are employed to attempt to reduce a portion of the risks inherent in the trading strategies utilized on behalf of the Fund. The ability to achieve the desired effect through a particular technique is dependent upon many factors, including the liquidity of the market at the desired time of execution. Thus, substantial risk remains that the techniques employed by or on behalf of the Fund cannot always be implemented or effective in reducing losses. At various times, the markets for exchange-listed equity securities and options and/or other securities may be "thin" or illiquid, making purchases or sales of securities at desired prices or in desired quantities difficult or impossible. In addition, options prices are extremely volatile. The volume and volatility of trading in these markets depends in part on general public interest and public opinion concerning economic conditions as well as the liquidity provided by market-makers and specialists. The liquidity of the market may also be affected by a halt in trading on a particular futures or securities exchange or exchanges. Illiquid markets may make it difficult to get an order executed at a desired price.

2. **Trading Strategies May Not be Successful**. There can be no assurance that any trading method employed by or on behalf of the Fund will produce profitable results, and the past performance of the Fund is not necessarily indicative of its future profitability. In that regard, certain of the managers receiving Non-SSC Investment allocations may not have investment records compiled while managing assets on their own. Profitable trading is often dependent on anticipating trends or trading patterns. In addition, markets experiencing random price fluctuations, rather than defined trends or patterns, may generate a series of losing trades. There have been periods in the past when the markets have been subject to limited and ill-defined price movements, and such periods may recur. Any factor which may lessen major price trends (such as governmental controls affecting the markets) may reduce the prospect for future trading profitability. Any factor which would make it difficult to execute trades, such as reduced liquidity or extreme market developments resulting in prices moving the maximum amount allowed in a single day, could also be detrimental to profits or cause losses.

3. **Dependence Upon Principals and Key Employees of the Manager**. The services of the Manager's principals and key employees are essential to the continued operations of the Fund. If their services were no longer available, their absence would have an adverse impact upon an investment in the Fund. The key employees of the Manager will allocate a small portion of the Fund's assets between and among the Non-SSC Investment managers. The Fund will be dependent on the continued presence of these key employees in connection with identification of the recipients of these allocations and the monitoring of the Non-SSC Investments.

4. **Conflicts of Interest**. The Manager and the Non-SSC Investment managers receiving allocations of the Fund's assets, and their respective principals and affiliates, are presently affiliated with and may in the future form and manage, or provide other services to, other investment entities (including without limitation investment partnerships, investment companies and mutual funds) with substantially the same or different objectives as those of the Fund. They may also make investments in securities for their own accounts. In addition, the Manager functions as the investment manager for unregistered foreign investment companies in addition to the Fund. Such activities could detract from the time that the Manager and its principals allocate to the affairs of the Fund. The Manager will obtain certain business and financial benefits from the Fund's investments in the Non-SSC Investments which may result in a conflict of interest between the Manager and the Fund in the selection of, and allocation of assets between and among, the Non-SSC Investments. See "POTENTIAL CONFLICTS OF INTEREST".

5. **Custodian/Clearing Firm Loss or Insolvency**. If a custodian or clearing firm utilized in connection with accounts maintained on behalf of the Fund was to become insolvent, the Fund could have some or all of these positions closed out without its consent. In addition, all of the Fund's positions may not be closed out under these circumstances, yet delays or other difficulties may be experienced in attempting to close out or exercise options positions. Widespread insolvency among clearing firms that clear securities options could also impair the ability of the Options Clearing Corp. (the "OCC") to honor all exercises, in spite of the system of safeguards which the OCC has in place. Such widespread insolvency, or of a particular custodian, could result in substantial losses to the Fund.

6. **Competition**. The securities industry, including market-making activities and transactions effected in connection therewith, are very competitive. Competition from other persons or entities involved in activities similar to those of the Fund can restrict the ability of the Fund to acquire positions at the prices deemed most beneficial to its overall trading strategies. Many such competing persons or entities are better capitalized and have more experience in trading than the Fund. Moreover, the widespread use of computer-assisted trading systems for trading strategies can alter trading patterns or affect execution of trades to the detriment of the Fund.

7. **Regulated Industries**. The securities and commodities industries are highly regulated. The Fund will not be directly subject to regulation by the SEC, national securities exchanges, the CFTC or the Federal Reserve Board. However, the SEC and CFTC regularly review the practices and procedures of the securities and commodities industries, and the market place in general, and from time to time revises rules and regulations pertaining thereto. The exchanges engage in similar reviews and at times revise their rules. There can be no assurance whatsoever that any rules and regulations promulgated by the SEC, the CFTC, the Federal Reserve Board, or the various securities exchanges or statutory amendments to the Securities Exchange Act of 1934 or the Commodity Exchange Act will not adversely impact the Fund.

8. **Over-the-Counter Options Transactions.** Options transactions effected on behalf of the Fund may utilize the over-the-counter market for their execution. Trading index options in the over-the-counter market is subject to counter-party risk and is without the protections afforded by transactions effected through the OCC, a registered options exchange.

9. **Option Buyer's Risk of Loss of Entire Investment**. An option is a wasting asset which becomes worthless when the option expires. As the remaining life of an option shortens with the passage of time, its value is reduced until it reaches zero upon expiration. This means that the option buyer who neither sells it in the secondary market nor exercises it prior to expiration will lose his entire investment in the option.

10. **Arbitrage Transactions**. Among the many risks of arbitrage transactions are that two or more buy or sell orders may not be able to be executed simultaneously at the desired prices, resulting in a loss being incurred on both sides of a multiple trade arbitrage transaction. Also, the transaction costs of arbitrage transactions can be especially significant because separate costs are incurred on each component of the combination. Consequently, a substantial favorable price movement may be required before a profit can be realized.

11. **Combination Transactions**. At various times, the Fund may engage in spreads or other combination options transactions involving the purchase and sale of related options contracts, in various combinations. Such transactions are considerably more complex than the purchase or writing of a single option. The following are among the many risks of combination option transactions: the difficulty that may be involved in attempting to execute simultaneously two or more buy or sell orders at the desired prices; the possibility that a loss could be incurred on both sides of a multiple options transaction; and the possibility of significantly increased risk exposure resulting from the hedge against loss inherent in most spread positions being lost as a result of the assignment of an exercise to the short leg of a spread while the long leg remains outstanding. Also, the transaction costs of combination options transactions can be especially significant because separate costs are incurred on each component of the combination. This can have the effect of requiring a substantial favorable price movement before a profit can be realized.

12. **Trading Decisions Based on Trend Analysis**. Certain of the trading decisions of the Fund are based on the use of computer pricing models to identify apparently overpriced or underpriced options in relationship to an assumed norm. In addition, analyses of price and other fluctuations over time may be relied upon which utilize charts and computers in order to discern and predict trends. Trading based on such analyses is subject to the risks that options premiums will not increase or decrease as predicted by the analyses, or that trades dictated by the analyses may not be executed in time to take advantage of the price disparities. This latter risk is likely to materialize when numerous market makers use similar analyses, all of which dictate the desirability of executing identical or similar contracts. In the past, there have been periods without identifiable trends and, presumably, such periods will continue to occur. Trading models or analyses that depend upon the forecasting of trends will not be profitable if there are not identifiable trends of the kind that the models or analyses seek to follow. Any factor which would make it more difficult to execute trades in accordance with the models or analyses signals, such as a significant lessening of liquidity in a particular market, would also be detrimental to profitability.

13. **Assignment of Puts or Calls**. Substantial losses may result under certain circumstances if a hedged position becomes a long or short position due to the assignment of the short put or short call portion of the hedged position. Under normal market conditions, the remaining portion of the previously hedged portion may be liquidated or otherwise adjusted to limit exposure to price changes. Suspension of trading of the option class or underlying securities followed by a price gap at the reopening of trading might result in substantial losses. The same would be true given an illiquid market such as that of October 1987.

14. **Prohibition of Exercise Rights**. The options markets have the authority to prohibit the exercise of particular options. If a prohibition on exercise is imposed at a time when trading in the option has also been halted, holders and writers of that option will be locked into their positions until one of the two restrictions has been lifted.

15. **Incentive Compensation**. The Non-SSC Investment managers will generally be compensated through incentive arrangements. Under these arrangements, the Non-SSC Investment managers may benefit from appreciation, including unrealized appreciation in the value of the Non-SSC

Investment, but may not be similarly penalized for decreases in the value of such investment vehicle. Such fee arrangements may create an incentive for the Non-SSC Investment managers to make purchases that are unduly risky or speculative. In most cases, however, the Fund anticipates that it will invest in Non-SSC Investments where the manager is required to recoup prior losses before any performance-type fee is payable in respect of current gains.

To the extent that an accrual for an incentive fee is reflected in the net asset value of shares of a Non-SSC Investment vehicle, then if such accrual is reversed by the Non-SSC Investment vehicle as a result of subsequent depreciation, all of the Shares of the Fund will benefit from the reversal of the accrual, including Shares purchased after the Non-SSC Investment vehicle made the accrual. Further, to the extent that the Performance Fee is reduced by the Non-SSC Investment Loss amount, then if such reduction is repaid in part or in whole by the Fund due to recoupment of losses by Non-SSC Investment vehicles, the Net Asset Value of all Shares of the Fund then outstanding will be reduced, including Shares purchased after the reduction of the Performance Fee.

16. **Risks of Leverage**. The Non-SSC Investment vehicles in which the Fund invests may borrow funds in connection with their investment strategies. A particular Non-SSC Investment vehicle may not be subject to any limitation in the amount of its borrowings, and the amount of borrowings that the Non-SSC Investment vehicle may have outstanding at any time may be large in comparison to its capital.

The use of leverage may provide the Non-SSC Investment vehicle with the opportunity for greater capital appreciation, but at the same time will increase the Non-SSC Investment vehicle's, and indirectly the Fund's, exposure to capital risk and higher current expenses. Moreover, if the assets of the Non-SSC Investment vehicle are not sufficient to pay the principal of, and interest on, the Non-SSC Investment vehicle's debt when due, the Fund could sustain a total loss of its investment in the Non-SSC Investment vehicle.

17. **Possibility of Misappropriation of Assets**. When the Fund invests utilizing the "split strike conversion" strategy or in a Non-SSC Investment vehicle, it will not have custody of the assets so invested. Therefore, there is always the risk that the personnel of any entity with which the Fund invests could misappropriate the securities or funds (or both) of the Fund.

18. **Sole Proprietor Non-SSC Investment Managers**. Some of the Non-SSC Investment vehicles to which the Fund may allocate capital may consist of investment operations with only one principal. In such cases, if that individual's services became unavailable to the Non-SSC Investment vehicle, the Fund might sustain losses.

19. **Experience of Non-SSC Investment Managers**. While certain of the Non-SSC Investment Managers have had extensive experience in trading securities generally and within their specific investment strategies, they may have had little experience in investing and trading on behalf of a pooled investment vehicle, in utilizing certain of the investment strategies to be employed on behalf of the Fund or in managing an account as large as that anticipated for the Non-SSC Investments. In that regard, as the assets of the Non-SSC Investment vehicles increase, it is not known what effect, if any, this will have on the trading strategies utilized on their behalf or their investment results.

20. **Emerging Managers**. As the Non-SSC Investment vehicles generally will be in an early stage of formation or operation, this can pose a number of operational and other issues. For example, in its early stages the Non-SSC Investment manager may have little capital available to cover expenses and, accordingly, may have difficulty attracting qualified personnel. Competing investment

managers have a larger number of qualified management and technical personnel and benefit from a larger capital base.

21. **Lack of Liquidity**. Certain of the Fund's investments in the Non-SSC Investments will be subject to lock-up provisions any of which will limit the ability of the Fund to withdraw capital from such investment. While such lock-up period may be subject to early release for breach of risk control or performance guidelines or for cause, there can be no assurance that the Fund will not sustain additional losses while such lock-up period remains in effect.

22. **Exchange Rate Risk**. The Fund will maintain its assets in U.S. dollars. The Net Asset Value per Share is determined in U.S. dollars. Non-dollar investors are subject to possible reduction in the value of their Shares due to changes in the rate of exchange between the U.S. dollar and their native currency. In addition, a hedge may be established in anticipation of new subscribers. In the event such subscriptions are not made, the hedge position will be unwound and the transactions will be borne by the existing shareholders.

POTENTIAL CONFLICTS OF INTEREST

The Manager, the Non-SSC Investment managers and their respective affiliates, officers and employees may form and manage other investment entities (including without limitation investment partnerships, investment companies, mutual funds and offshore funds) and provide investment services to clients other than the Fund in the future with substantially the same or different objectives as those of the Fund. They may also make investments in securities for their own accounts. Such activities could detract from the time they allocate to the affairs of the Fund and negatively impact the Fund's investment opportunities. Similarly, Messrs. Naess and Schmid, the non-affiliated directors, have other business interests and will not devote their entire time to the Fund's affairs. See also "RISK FACTORS".

In connection with the investment of Fund assets in Non-SSC Investments, the Manager and its affiliates may obtain financial and business benefits, including but not limited to: (i) additional investment capacity in Non-SSC Investments, which may be made available to other clients of the Manager, (ii) compensation from Emerging Managers in connection with placement of such additional investment capacity, and/or (iii) sharing in the equity or cash flows of the entire investment business (Fund and non-Fund related) of such Emerging Managers. The Manager will share with the Fund annually, through Performance Fee offset, an amount equal to the greater of (i) 50% of cash flows generated by equity held by the Manager or n affiliate thereof in the businesses of Emerging Managers and (ii) 10% of all revenues accruing to the Manager or an affiliate thereof directly from its association with Non-SSC Investment vehicles (the "Shared Cash Flow Amount"). Despite this sharing, however, the arrangements described in this paragraph may result in a conflict of interest between the Manager and the Fund.

Because the Fund was organized by affiliates of the Manager, the fees paid by the Fund to the Manager were not the result of arms-length negotiation.

The Fund may engage placement agents to market the Fund. If you are introduced to the Fund by an agent, you should expect it to be paid by the Manager for the introduction out of the fees the Manager receives from the Fund. You should also expect the agent to have an incentive to recommend that you remain an investor in the Fund, since the agent will likely be paid a portion of the Manager's fees each year that you remain an investor.

Because Mr. Noel is a principal of the Manager as well as a Director of the Fund, he may have an incentive to take actions as a Director that favors the Manager over the Fund.

Each service provider to the Fund shall pay regard to its obligation to act in the best interest of the Fund and the Directors of the Fund will ensure that all such potential conflicts of interest are resolved fairly and in the interest of the shareholders. When allocating investment opportunities, the Manager will ensure that all such investments are allocated in a fair and equitable manner.

PRIOR TRADING RESULTS

The Fund's securities trading activities are directed by the Manager. Set forth below are the prior trading results of the Fund since its inception, during which the Fund was managed by an affiliate of the Manager. The trading results of the other entities for which FGBL or its affiliates have directed trading, or with which they have otherwise been affiliated, may be obtained upon request.

The Fund

The Fund allocates the predominant portion of its assets to a strategy described as "split strike conversion". (See "INVESTMENT POLICIES.") The Fund issued its shares at $200 per share as on November 30, 1990. As of May 31, 2003, Net Asset Value per Share was $916.36 (subject to audit). Prior performance is shown below on a monthly basis through May 31, 2003.

NOTES TO TABLE

1) Beginning Net Asset Value represents the sum of cash, cash equivalents and equity balances in trading accounts accounted for at fair market value. Beginning Net Asset Value is the same as the previous reporting period's Ending Equity.

2) Additions are the sum of capital contributions as of the last day of the reporting period.

3) Withdrawals are the sum of partial or total withdrawals of capital as of the last day of the reporting period.

4) Net Profit/Loss is the sum of the profits and losses realized from trading activities during the reporting period net of the quarterly performance fee (20% of new high net profits) and other expenses for the reporting period, which has been allocated monthly for purposes of this chart.

5) Ending Equity is the sum of Beginning Net Asset Value plus additions, minus withdrawals, and Net Profit/(Loss) for the reporting period. Ending Equity is the Beginning Net Asset Value for the following reporting period.

6) Rate of Return is calculated by dividing Net Profit/(Loss) for the reporting period by the Beginning Net Asset Value for that reporting period. The cumulative Rate of Return figures which appear at the end of each year are calculated by applying on a compound basis each of the monthly or quarterly rates of return for such year to the Beginning Net Asset Value at the beginning of such year, not by adding or averaging the rates of return.

DESCRIPTION OF SHARES

The Fund is authorized to issue up to 10,000,000 shares in two classes (6,000,000 Class A Shares and 4,000,000 Class B Shares) with a par value of U.S. $.01 each. The Fund has an authorized share capital of U.S. $100,000. The Shares will be issued in registered form. Each Share, when issued, will be fully paid and non-assessable.

Holders of Shares are entitled to one vote per Share and will participate on a pro rata basis in the assets of the Fund on liquidation and in dividends and other distributions as declared.

DIVIDEND POLICY

Since the business objective of the Fund is directed toward achieving capital appreciation, it is anticipated that the Fund will not declare any dividends or make any distributions to its shareholders. Subject to the foregoing and to applicable law, the Fund's Board of Directors will have sole discretion in determining the amount and frequency of dividend distributions, if any. Any distributions made will be in accordance with the policies of the Irish Stock Exchange, which provide that a dividend payment may only be made out of the Fund's accumulated net income plus the net of accumulated realized and unrealized capital gains and accumulated net realized and unrealized capital losses.

TRANSFERS, REDEMPTIONS AND TERMINATION

Transfers

NO SALE OR TRANSFER OF SHARES WILL BE PERMITTED WITHOUT THE FUND'S CONSENT; HOWEVER, SHARES MAY BE REDEEMED AS OF THE LAST DAY OF EACH CALENDAR MONTH ON FIFTEEN (15) CALENDAR DAYS' NOTICE TO THE FUND.

Any sale or transfer of a shareholder's entire interest in any Shares or any transfer of Shares by operation of law must be submitted to the Fund for consent and will not be effective until such consent is given by the Fund. Any other dealing with Shares by way of assignment, pledge, mortgage or otherwise is prohibited unless consented to by the Fund and any attempt to do so without first obtaining the consent of the Fund will constitute grounds for compulsory redemption of the Shares concerned. Such consent may only be withheld if the transfer would result in regulatory, pecuniary, legal, taxation or material administrative disadvantages for the Fund or its shareholders as a whole. Any application to record a transfer of Shares, including an application to record a transfer by operation of law, if not approved by the Fund within 30 days, also will be treated as an application to redeem the Shares in question as of the next permissible redemption date and will be subject to a processing charge per share of 2% of the Net Asset Value per Share.

THE DISPOSITION OF SHARES TO U.S. PERSONS (INCLUDING U.S.TAX-EXEMPT INVESTORS AS DEFINED UNDER "OFFERING OF THE SHARES") WITHOUT THE PRIOR WRITTEN APPROVAL OF THE FUND IS EXPRESSLY PROHIBITED, AND THE FUND SHALL HAVE THE RIGHT COMPULSORILY AND IMMEDIATELY TO REDEEM ANY SHARES HELD FOR ANY REASON BY U.S. PERSONS.

Redemptions at the Option of the Shareholders

A shareholder may cause part or all of his Shares to be redeemed as of the last business day (i.e., any day not a Saturday or a Sunday, that is not a public holiday or a day on which banks are generally authorized or obliged by law or regulation to close in the Netherlands, the Republic of Ireland or the United States of America)of any month, provided that the Fund shall be in receipt of written notice of redemption for at least fifteen (15) calendar days prior to such redemption date. In the Fund's discretion, a shareholder requesting redemption of part of his Shares may be required to redeem all of his Shares unless such shareholder notifies the Fund to cancel the redemption.

Compulsory Redemption

The Fund reserves the right to make compulsory redemption where the holding of such Shares may result in regulatory, pecuniary, legal, taxation or material administrative disadvantages for the Fund or its shareholders as a whole. Except as set forth above, no processing charge will be imposed with respect to any Shares so compulsorily redeemed.

Redemptions - General Information

Redemptions will be at the Net Asset Value per Share, subject to any applicable processing charge, as described above. If notice of intent to voluntarily redeem is not received by the Fund within the prescribed period of time, then, in the Fund's discretion, the redemption date may be deferred to the end of the next following permissible redemption period, unless the shareholder notifies the Fund to cancel the redemption and the Directors consent to such cancellation. With respect to a total redemption of Shares, except in the case of extraordinary circumstances, such as an inability to liquidate existing

positions, or the default or delay in payments due the Fund from brokers, banks or other persons, payment on redemptions will be made within 30 days after the redemption date. The Fund will not pay interest to the redeeming shareholders on any payment.

Partial redemptions will be paid in full within 30 days after the redemption date.

Shareholders bear the risk of any decline in Net Asset Value from the date notice of intent to redeem is given until the redemption date. In addition, the Fund may temporarily suspend any redemption during any period that the Fund has suspended the calculation of its Net Asset Value (see "OFFERING OF THE SHARES- Net Asset Value Defined"). Requests for redemption can be made by use of the form included in the Subscription Documents which accompany this Memorandum.

Termination

The shareholders may, by a majority vote, elect to wind up and dissolve the Fund at any time. If the Fund's Board of Directors determines that it would be in the best interests of the Fund to wind up and dissolve the Fund at any time, it will recommend to the shareholders that they vote to do so, and will submit a plan of dissolution for approval by the shareholders.

ANTI-MONEY LAUNDERING REGULATIONS

As part of the Fund's or Administrator's responsibility for the prevention of money laundering, the Manager and its affiliates, subsidiaries or associates may require a detailed verification of a shareholder's identity, any beneficial owner underlying the account and the source of the payment.

The Manager reserves the right to request such information as is necessary to verify the identity of a subscriber and the underlying beneficial owner of a subscriber's or a shareholder's Shares in the Fund. In the event of delay or failure by the subscriber or shareholder to produce any information required for verification purposes, the Manager may refuse to accept a subscription or may cause the redemption of any such shareholder from the Fund. The Fund, without notice, may suspend the redemption rights of such shareholder if the Fund or the Manager reasonably deems it necessary to do so to comply with anti-money laundering regulations applicable to the Fund, the Manager or any of the Fund's other service providers.

Each subscriber and shareholder shall be required to make such representations to the Fund as the Fund and the Manager shall require in connection with such anti-money laundering programs, including without limitation, representations to the Fund that such subscriber or shareholder is not a prohibited country, territory, individual or entity listed on the U.S. Department of Treasury's Office of Foreign Assets Control ("OFAC") website and that it is not directly or indirectly affiliated with, any country, territory, individual or entity named on an OFAC list or prohibited by any OFAC sanctions programs. Such shareholder shall also represent to the Fund that amounts contributed by it to the Fund were not directly or indirectly the proceeds of criminal conduct or derived from activities that may contravene U.S. federal, state or international laws and regulations, including anti-money laundering laws and regulations.

ANTI-MONEY LAUNDERING POLICIES

To ensure compliance with statutory and other generally accepted principles aimed at the prevention of money-laundering, the Fund and/or the Administrator may require a detailed verification of a prospective investor's identity. Although the Fund and/or the Administrator reserve the right to request a detailed verification of a prospective investor's identity, a detailed verification should not be necessary if:

- the prospective investor makes a subscription payment from an account held in their own name at a Qualified Financial Institution (a "QFI"); or

- the prospective investor is introduced by a QFI and that QFI provides written assurance to the Fund and/or the Administrator that it has established the identity of the prospective investor and holds evidence of that identity.

A QFI is defined as a financial institution which is:

- established in a European Union (EU) member state and subject to the EU Money Laundering Directives; or

- established in one of the countries which make up the Financial Action Task Force ("FATF") and/or is subject to regulation which complies with the FATF Recommendations. Such countries are the 15 EU countries, being Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, the Netherlands, Portugal, Spain, Sweden and the United Kingdom, together with Australia, Canada, Channel Islands, Hong Kong, Iceland, Isle of Man, Japan, New Zealand, Norway, Singapore, Switzerland and the United States and Turkey.

Prospective investors who DO NOT make the subscription payment from an account held in their own name at a QFI and who are NOT introduced by a QFI will be required to provide the following documentation, as relevant to their status.

Individual Investors will be required to provide the following information:

- full name;

- permanent address;

- a certified copy of their passport or national identity card;

- a bank reference letter; and

- verification of address.

Partnerships will be required to provide the following information:

- a mandate from the partnership authorizing the subscription and conferring authority on those persons executing the subscription agreement; and

- the identities of at least two partners and of all those authorized to issue instructions.

Corporate entities that are quoted on a stock exchange in an EU member country or in one of the QFI prescribed countries or that are known to be the subsidiary of such a quoted company will be required to provide the following information:

- the original or certified copy of the certificate of incorporation or similar document;

- a list of the directors' names, occupations, addresses and dates of birth; and

- properly authorized mandate of directors authorizing the subscription and conferring authority on those persons executing the subscription form.

Where the prospective investor to the transaction is a corporation that is a private company, the following additional information will need to be provided:

- certified passport copies or national identity card copies of at least two directors; and

- a list of names and addresses of shareholders holding 10% or more of the issued share capital of the company and in the case of individual shareholders, their occupations and dates of birth.

When a significant shareholder of a private company (25% or more) is a body corporate, information will need to be provided from the company regarding the ultimate beneficial ownership of that particular body corporate. If the ultimate beneficial owner(s) of that particular body corporate is (are) individual(s), such individual(s) will need to provide the information that is required from individual investors and outlined above.

Furthermore, subscriptions will be cross checked against lists held by various international agencies in order to establish that the persons or entities subscribing have not been blacklisted or wanted in connection with a criminal investigation. Such international agencies include the Bahamas Financial Intelligence Unit, the Central Bank of Ireland, the FBI and the Bank of England. Other agencies will be consulted as and when appropriate.

Finally, it should be noted that redemption payments will only be paid to a bank account held in the name of the registered owner of the Shares and that any transferee will have to furnish the same information (and enter into a subscription agreement) which would be required in connection with a direct subscription in order for a transfer application to be considered by the Administrator.

Pending the provision of evidence satisfactory to the Administrator as to the identity of any prospective investor, the evidence of title in respect of Shares may be retained at the absolute discretion of the Administrator. If, within a reasonable period of time following a request for verification of identity, the Administrator has not received evidence satisfactory to it as aforesaid, it may, in its absolute discretion, refuse to allot the Shares applied for in which event application moneys will be returned without interest to the account from which such moneys were originally debited.

Financial institutions which have been duly qualified and authorized to exercise their activity in their respective countries as a bank and which are subject to internationally recognized anti money-laundering legislation may subscribe for Shares on behalf of their clients.

TAX CONSIDERATIONS AND EXCHANGE CONTROL

As of the date of this Memorandum, the Fund is exempt from all provisions of the Income Tax Act of the BVI, including with respect to all dividends, interests, rents, royalties, compensation and other amounts payable by the Fund to persons who are not persons resident in the BVI. Capital gains realized with respect to any shares, debt obligation or other securities of the Fund by persons who are not persons resident in the BVI are also exempt from the provisions of the Income Tax Act of the BVI. No estate, inheritance, succession or gift tax, rate, duty, levy or other charge is payable by persons who are not persons resident in the BVI with respect to any shares, debt obligations or other securities of the Fund.

There are no exchange control restrictions in the BVI. Accordingly, the Fund will be free to acquire, to hold and to sell any foreign currency and securities without restriction.

The Fund's gains from its investments in or trading in stocks, options or other investments should not be subject to United States federal income, branch or withholding taxes because the Fund expects that it will not be engaged (or treated as engaged) in a "trade or business" in the United States, or treated as a personal holding company, for United States federal income tax purposes. Any dividend income received by the Fund from U.S. corporations generally will be subject to United States federal withholding taxes. Although substantially all of the interest earned by the Fund from sources within the United States is expected to be of the type which will not be subject to United States federal income, branch or withholding taxes, the Fund may earn interest from time to time that could be subject to United States federal income, branch or withholding taxes (although it is not expected that the amount of such taxes would be material). In addition, with respect to Shares held by non-U.S. persons who are not engaged in a "trade or business" in the United States (as defined under the Code), such persons should not be subject to United States federal income, branch or withholding taxes (i) on dividends paid to them by the Fund and (ii) on the redemption of their Shares by the Fund. The Fund expects that it will not be subject to state and local taxes in the United States on its income or capital. Because of the absence of full guidance under state and local law, however, this result is not entirely clear. The conclusions in this paragraph are based on the Code and existing laws, judicial decisions and administrative regulations, rulings and practice in the United States, all of which are subject to change.

Non-U.S. Investors

In addition, with respect to Shares held by Non-U.S. Persons who are not engaged in a “trade or business” in the United States (as defined under the Code), such persons should not be subject to United States federal income, branch or withholding taxes (i) on dividends paid to them by the Fund and (ii) on the redemption of their Shares by the Fund.

U.S. Tax-Exempt Investors

As noted above, Shares may be sold to a limited number of U.S. Tax-Exempt Investors which are pension and profit sharing trusts or other tax exempt organizations. The Fund is a “passive foreign investment company” (“PFIC”) as defined in Code Section 1297. Under present law, assuming a U.S. Tax-Exempt Investor does not borrow money or otherwise utilize leverage in connection with its acquisition of Shares, any dividends from the Fund or gain on the sale or redemption of Shares should not constitute “unrelated debt-financed income” as defined in Code Section 512 to the U.S. Tax-Exempt Investor and should not be subject to United States federal income tax under the PFIC provision of the Code.

ERISA Matters

The Fund will not accept any contributions from investors that are “benefit plan investors” as defined in U.S. Department of Labor Regulation 2510.3-2101, pension plans or similar pension or retirement trusts (all such entities are herein referred to as “Plans”) if after such contribution the Shares in the Fund held by the Plan would be 25% or more of the total outstanding shares of any class of shares in the Fund. If the shares in the class held by the Plans were to exceed this 25% limit, then the Fund’s assets would be considered “plan assets” under the U.S. Employee Retirement Income Security Act of 1974, as amended (“ERISA”), which could result in adverse consequences to the Manager and the fiduciaries of the Plans.
